**WE NEED THE WORD!**

**We need:**

The public proclamation of the Word. (7:73-8:6)

**People's acceptance or rejection of your assignment should not be what motivates.**

**Use your elevation for His exaltation.**

The personal edification from the Word. (vv. 7-8)

**There will not be reformation without edification from The Word.**

**Homework: Join a discipleship group.**

The penitent application of the Word. (vv. 9-12)

**Contrition and celebration can show up in the same place because the more we are aware of our sin, the more we appreciate God's grace and forgiveness.**

**The Word can change your day.**
