

Culture Changers; Culture Creators-Would You Live In What You've Created?"

Nehemiah 7:4

Nehemiah 11

Would you want to dwell in something that you've developed? Would the world want to live in what God's people have created if they had a choice?

When you don't feel like dwelling amidst what you've developed do it for:

For the **PROTECTION** of people.

The God void must be filled with God's volunteers.

For the **PROLIFERATION** of God.

You'll languish in apathy if you don't find a purpose worth your commitment, especially during seasons of inconvenience

Homework:

1. Are you willing to live holy? (v. 1)
2. Are you willing to live responsibly? (vv. 14-17)
FIGHT (v. 14)
FINANCE (v. 16)
FAITH (v. 17-22)

People desire your approval not your accountability.

We can't live perfectly, but we can live purposely.
