

Looking Ahead Soberly
Psalm 121

Learn to soberly look ahead.

Don't deny your Hills. (v. 1)

A faith that doesn't come with hills is likely false.

Don't deny your Help. (v. 2)

Your Help is greater than your Hill!

When looking ahead becomes discouraging peruse His resume. (vv. 2-8)

Homework: Look over your life. How many times has God ever failed? Failed you? That's how many times you can count on Him failing you in the future!!!

God is not Alexa. Stop just giving Him your commands; give Him your confidence. Give Him more than your requests; give Him your reverence.

It's often your hills that reveal the greatness of your Help.
